“Change is a tough sell a lot of the time to managers and the front-line team, but the team at SONA made our switch seamless. Since switching to SONA/clover machines we have constantly heard from guests on how slick the payment process is. Probably the nicest thing is being able to call our rep at any point if there is an issue.”
Murphy Hospitality Group

“SONA is not your typical merchant service provider as there are no hidden fees and they worked with us to figure out the best solutions for our business. They offer great support and training, their staff are very quick to help us out and certainly have become a great partner of our business.”
